CLOTHCRAFT linings are not only strong, durable and well cut, but each one is carefully selected to match harmoniously the particular cloth with which it is used.

The buttons, too, you will observe correspond closely in shade and pattern with the fabrick.

Important enough themselves, these are simply two of the many instances of the care and taste given to every detail in the production of Clothcraft Clothes.

Clotheraft Clothes give you all the little niceties of style and finish that every man likes in his clothes, Besides, you are absolutely assured by the Clotheraft guarantee the important things

so readily apparent - allwool, lasting shape, satisfactory wear and service.

This guarantee, found in the inside pocket of every Crothcraft coat, is your surety bond that Clothcraft Clothes at \$10 to \$25 are really good clothes of dependable

Let us show you some of the remarkable Clothcraft values at \$15, \$18 and \$20.

SCOURGE OF HOG CHOLERA

Cost the hog raiser millions of dollars last yeae and nothing short of vaccination seemed to offer the slightest promise oac ure.

Prevention, however, is the logical solution of the question. Dr. Hess. (M.D., D.V.S.) has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly disinfect the premises, sleeping quarter and runs with Dr. Hess Dip and Disinfectant, would prevent an outbreak of this diser se.

Read what one of the big hog raisers in the country says: During 1911 our country was visited by one of the worst hog plagues ever known. We fed Dr Hess Stock Tonic, and only lost two head out of a herd of two hundred and ten."-Alex. Nevius, Modesta, Ill.

Also note what bulletin No. 182 of the Kanssas State College says about preventing H og holera

"When we recall the onditions which favor the disease and the manner in which its infection takes place, it will be seen that feeding and caring of hog has much to do with the prevention of the Cholera. Premises should be cleaned and disinfected regularly. The hogs themselves should be dipped every few weeks. Maintaining these conditions helps to keep up the vitality of the hog and in this way troubles of all kinds are warded off. To aid digestion and circulation and to prevent worms, the bulletin recommends a formula of Wood Charcoal, Sulphur, Salt, Sodium Bicarhonate, Sodium Sulphate, Sodium

This formula, given in tablespoonful doses would undoubtedly be benefical but would cost the hog raiser about pound. Now compare this with the formula for Dr. Hess Stock Tonic which is vastly superior and has stood the test of 20 years.

NUX VOMICA. Digestive and Nerve Tonic. SULPHATE OF IRON, Blood Builder & Expels Worms. COMMON SALT, Appetizer. Expels Worms.

QUASSIA, Digestive & General Tonic. Expels Worms. SULPHATE OF SODA, Laxative & acts upon the Liver. EPSOM SALTS, Laxative, CHARCOAL. Prevents Noxious Gases.

This preparation is compounded by Dr. Hess, (M.D., D.V.S.) and sold to you on a written guarantee and only costs 3c per month for the average hog. The definition of the ingredients are taken from the United States Dispensatory and noted medical authorities. Feed your hogs

Dr. Hess Stock Tonic to prevent disease and expel worms. Sprinkle the runs and sleeping quarters with a solution of

Dr. Hess Dip and Disinfectant one of the foremost coal tar, creosote disinfectants known. Also dip your hogs with this solution when the weather will permit, and you will have no loss from disease.

WHAT THE YOUNG BOYS ARE DOING

Rapid Strides Made by Kentucky Corn Club Workers.

BETTER THAN THEIR FATHERS?

Increased Yields as Shown In the Exhibition at Louisville Demonstrate the Manner In Which Younger Generation Is Advancing.

During the months of November and December the count; papers all over the state were full of flowing accounts of the Boys' Corn shows. Probably nothing that the boys have done in years has created such a widespread interest as these same chibs. The large cities of the state had not been affected by this enthusiasm until the Kentucky Boys' Corn club held its exhibit at the armory in Louisville n connec tion with the Childs' Welfare exhibit, Nov. 21 to 30.

One hundred boys from the various counties that had corn clubs this season sent ten ears each for the city people to see what was being done Not only the public, Lut the great daily newspapers grew very much interested. A number of editorials appeared during the ten days of the exhibit, and almost daily a picture of some successful corn grower appeared. This display contained five varieties of corn.

As the visitors to the exhibit asked questions or read carefully the labels that were pinned beneath each display of corn they began to exclaim: "There nust be some mistake in this. We never raised that much corn on the farm when I was a boy," or, "Why. those yields are twice or three times the amount of a first class crop of corn in that neck of the woods!" Bankers and grain men looked at the statement of yields, scratched their heads and began to figure on what such crops would do for the finances of the state Mothers and educators smiled and wondered how much mischief had failed to materialize because the boys were out in the sunshine cultivating and thinking of the crops they were grow-

It did seem a great pity that more of the boys who had entered their corn

n the exhibit could not have seen the tze their fathers and elder brothers One fond father whose son had a yield of 103 bushels to the acre remarked "I've got two little chaps in the Cori club in my home county. They're small, but they're all right. One is ten and the other twelve. The older boy was in the club last year and rais ed eighty-five bushels. This year he's got 103, and we are plannin' to get 150 bushels next year. Yes; we're goin to use a lot of fertilizers an' do thingright, because I just want to see how much they can taise on one acre. want to see it worse than the boy

The man paused for a moment be fore he continued: "You know, the call it the Boys' Corn club. Why, I'vlearned more about corn in the pas two years than both of my boys pr together. I tell you what I'm goin' to do. I am goin' to plant just half a much land as usual in corn nex spring, an' I'm goin' to try to rais just the same number of bushels Then I'll have the rest of the land fo

During the exhibit a number of re ports came in concerning the great size of some of the crops this season It is very probable that a great num ber will exceed the 100 bushel mark which was not reached last season.

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until-March, when I went to bed and had to have a doctor. He did ail he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE The Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., pecial Instructions, and 64-page book, "Home Treatment for Women," sent free. 160

The Love Letters of a Confederate General

WE begin in the November issue a series of real love letters written over fifty years ago by one of our national heroes to his sweetheart during the period of '61 to '65. This great general will go down to posterity as having accomplished one of the most brilliant feats of arms in the history of the world. He was as great a lover as he was a general, therefore these letters combine authentic history and exquisite romance. They

sound a human note that no other work of literature has done in a decade; it is war, it is romance, it is history, it is literature. You simply can't afford to miss this wonderful series—an inside story of the Civil War now published for the first time and containing all the freshness of a contemporary happening. These letters will grip you hard, and hold your interest from first to last. Fill out the coupon and send it now before you forget it.
